

Picks of the Month – April 2009

AT Pick:

Toobaloo

“The TOOBALOO is a phone-like device that allows children to hear themselves clearly while speaking softly into it. The design of the TOOBALOO magnifies their voice allowing them to hear their sounds and words distinctly.” – from www.toobaloo.com

Video Pick:

Autism Is A World

“Nominated for an Academy Award, "Autism Is A World" is a rare look at autism through the words of a young woman who lives with it.” – from <http://www.cnn.com/CNN/Programs/presents/index.autism.world.html>
